Ashwani Bhati

Data Analyst

Profile

Analytical and results-driven Business Analyst with 5 years of experience, including 3 years at Amazon, specializing in data analytics, visualization, process automation, and workflow optimization. Proven expertise in developing dashboards, optimizing supply chain processes, and eliminating defects to enhance operational efficiency. Skilled in SQL, Python, and Tableau for data visualization and automation, saving over 10,950 hours annually. Adept at deriving actionable insights to drive strategic decision-making and process improvements. Passionate about leveraging data and automation to deliver measurable business impact.

Experience

Data Analyst

March 2022 - Jan 2025

Amazon

- Reduced manual configuration efforts by 93% (10,950 hrs. yearly) and enhanced the optimization of existing workflows using **Python automation**.
- Built scalable data models using **SQL, AWS S3, Redshift, Athena**, and **Glue** to ensure easy data availability and analysis for stakeholders. Standardized large datasets and developed dashboards using these models, reducing analysis time by 80%.
- Created and maintained **Weekly Business Reviews (WBRs) reports** and analytical frameworks using SQL, and **ETL**.
- Ensured **data accuracy** by carefully validating data from diverse sources, contributing to saving of 62 INR MM by creating **QuickSight dashboard** leading to reduction in percentage air in packaging box
- Developed, and maintained Packaging Free program waterfall **dashboard** leading to 90% (1040 hrs. yearly) of the time saving.

Founder

April 2020- Feb 2022

TheHorsesKing Farms

- Developed and deployed a fully functional e-commerce website using **WordPress**, integrating payment gateways, delivery date selection, and order tracking features, handling 200+ daily visitors and processing 50+ weekly orders.
- Designed and maintained performance dashboards using **Excel** to monitor sales, customer engagement, and marketing effectiveness, driving data-driven business decisions.

Operations Analyst

Jan 2019- March 2020

Solutions Unlimited

- Utilized **SQL** and **Excel** to analyze customer feedback and booking data, identifying trends that led to a 15% increase in customer satisfaction by tailoring tour offerings.
- Developed **PowerBI** dashboards to monitor tour operations and financial metrics, enhancing decision-making processes and contributing to a 10% reduction in operational costs through improved resource allocation.

Education

2017-2019, Master of Business Administration

IITM, NOIDA

2011-2015, Bachelor of Technology in Mechanical Engineering

Galgotia's College of Engineering and Technology, NOIDA
